

YourWay Health

Your Health Simplified

Welcome to the Future of Care

Healthcare is meant to heal, not overwhelm.

Yet millions still struggle to access trusted doctors, manage medical records, or understand their care.

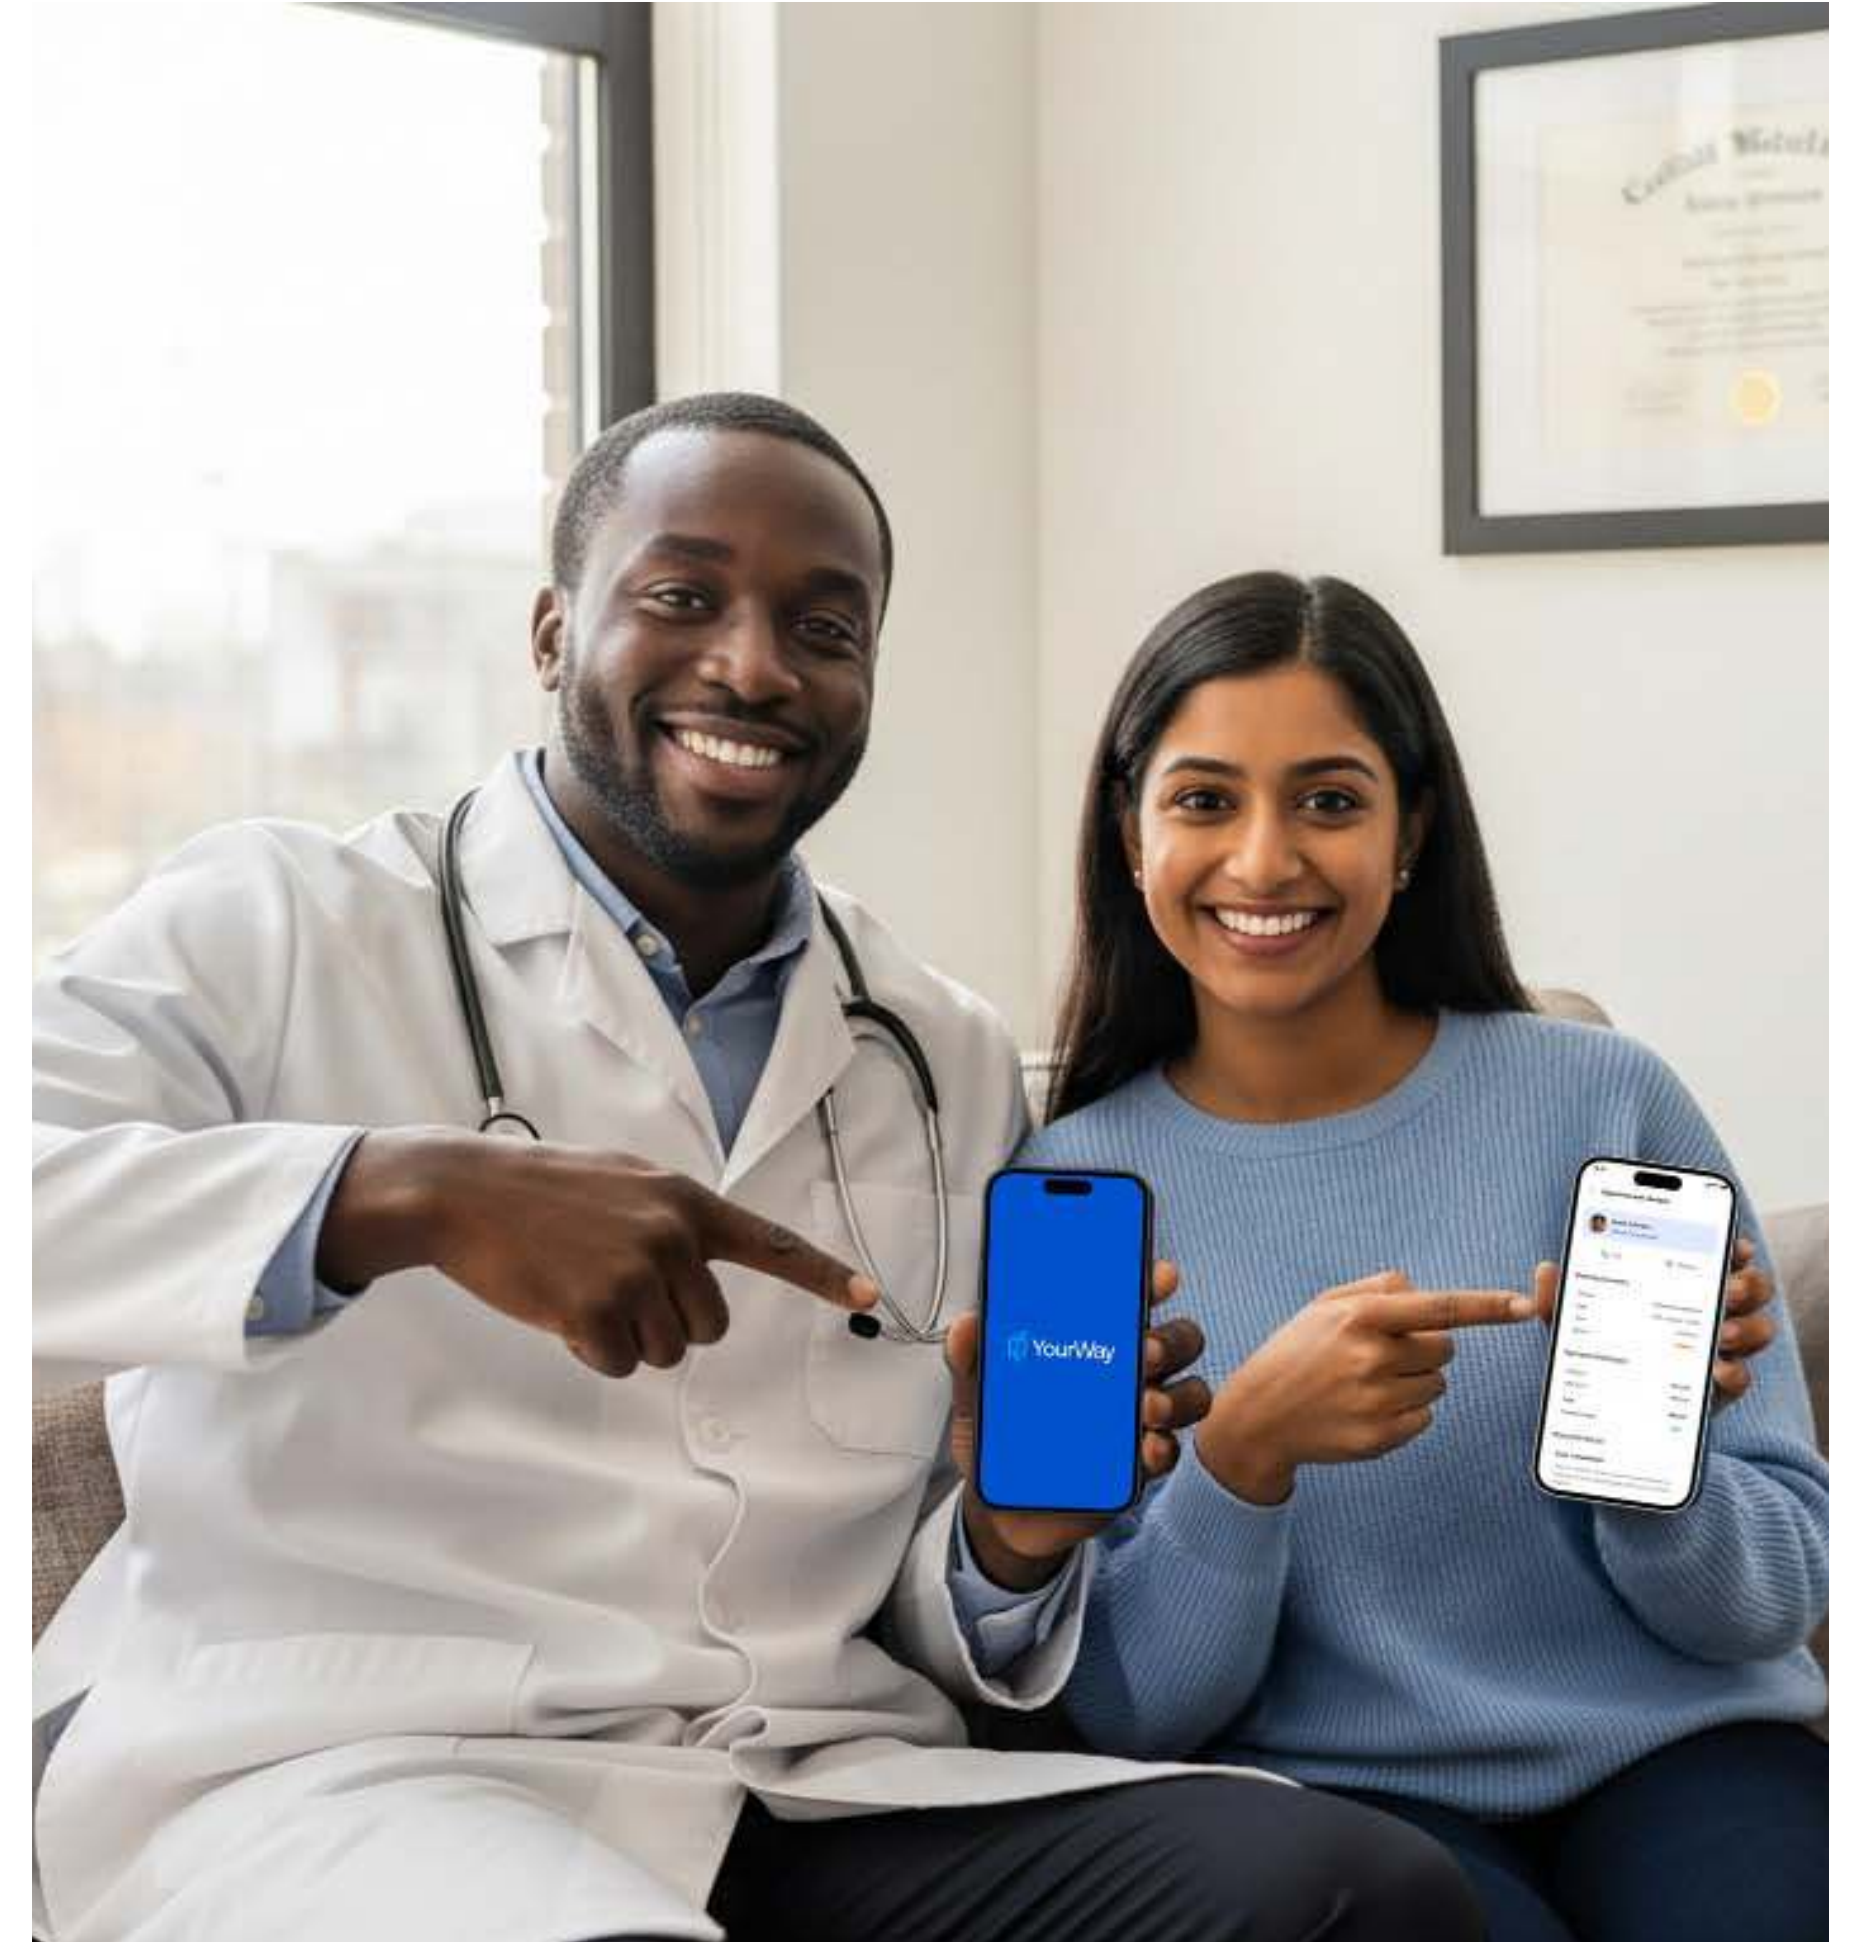

That's why we built YourWay Health an AI-powered healthcare ecosystem designed to make healthcare accessible, connected, and human again.

YourWay Health connects patients, doctors, nurses, hospitals, pharmacies, and insurers in one seamless experience.

We're not just changing how care is delivered.

We're redefining what it means to be cared for.

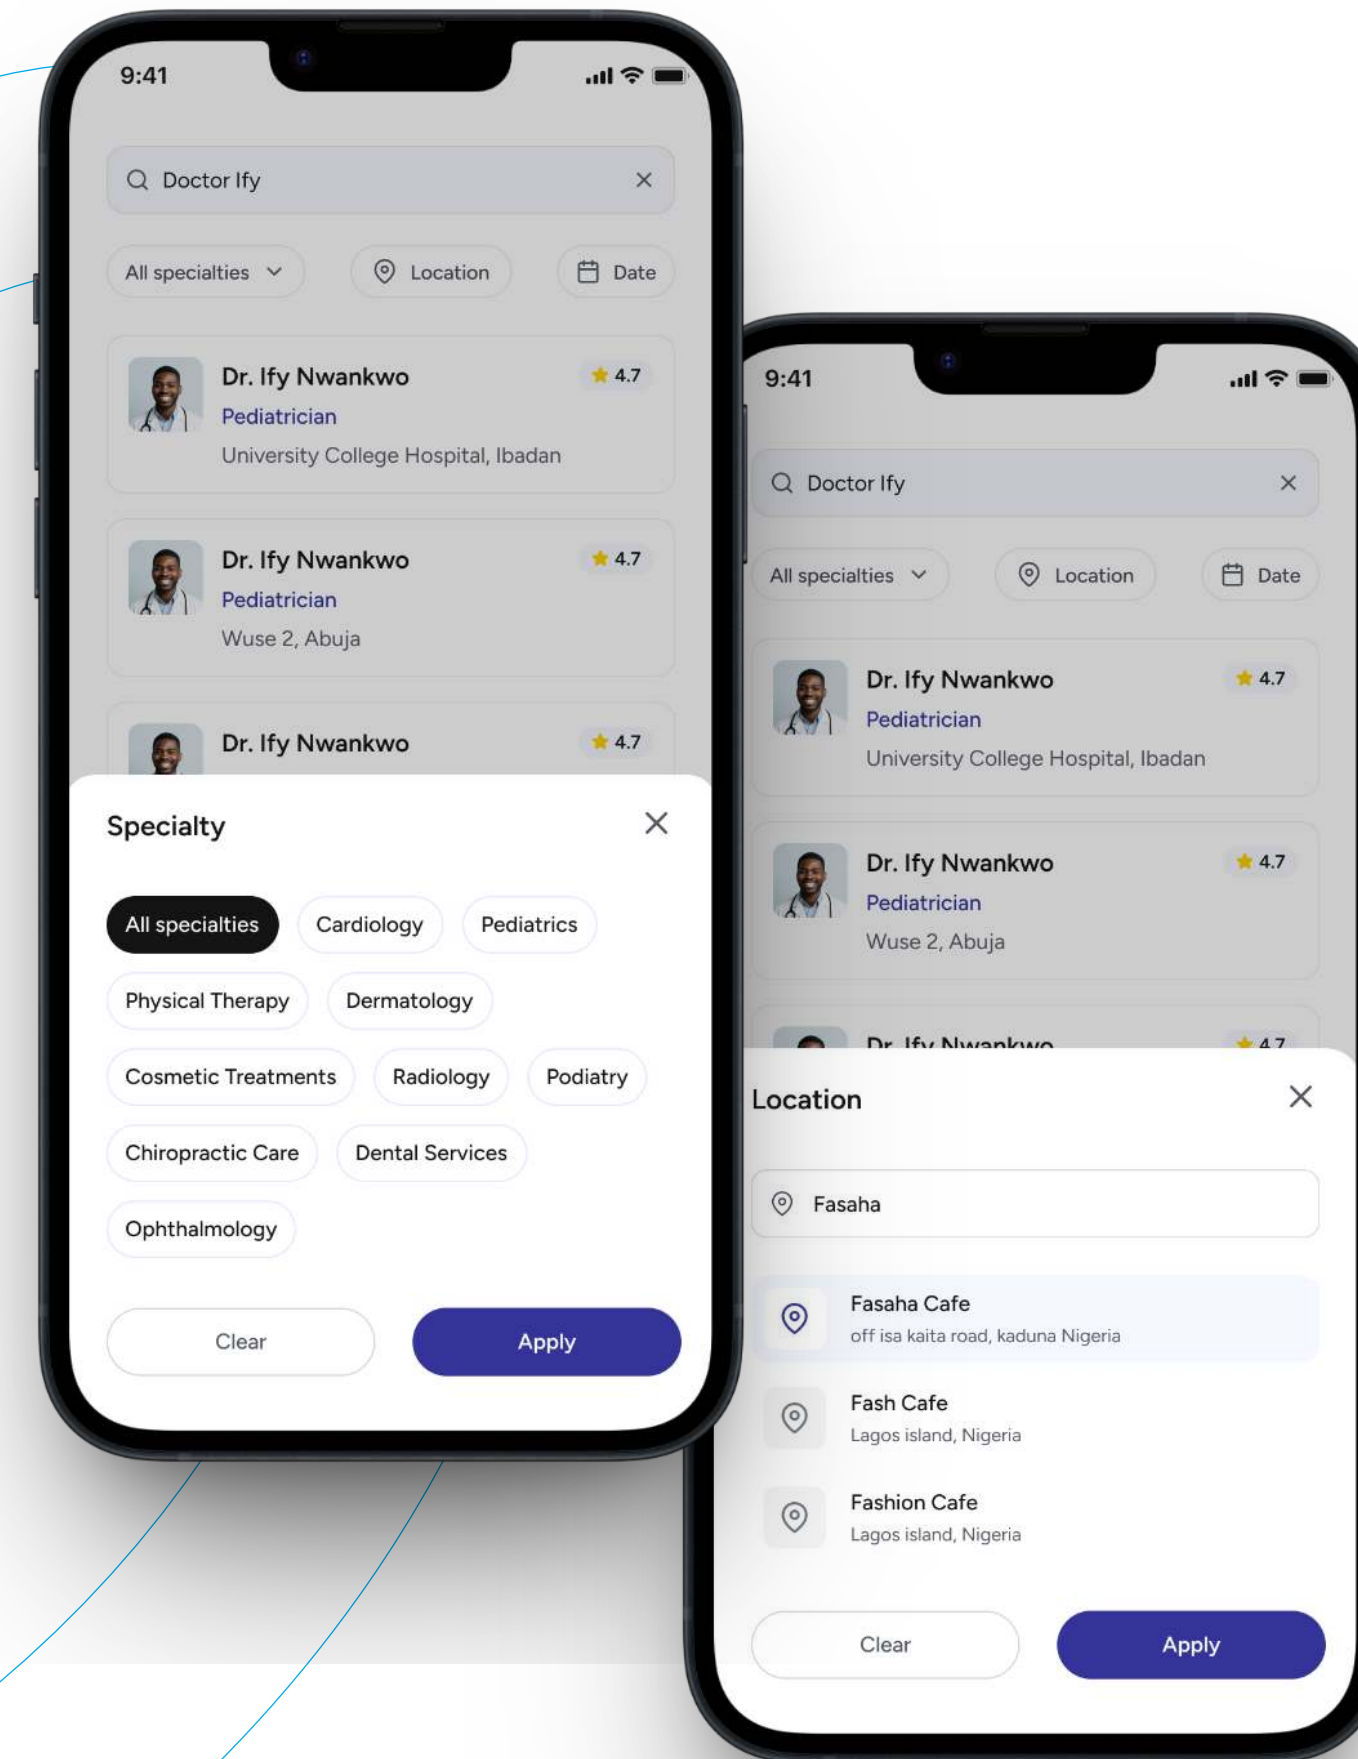

Connect. Consult. Heal. Anywhere. Anytime.

Key Features

1. Smart Booking & Scheduling

- ✔ Patients can search, filter, and book doctors by specialty, location, or availability..
- ✔ Automated reminders (SMS, push notifications, email) reduce no-shows.
- ✔ Intelligent waitlist system instantly suggests available time slots when cancellations occur.

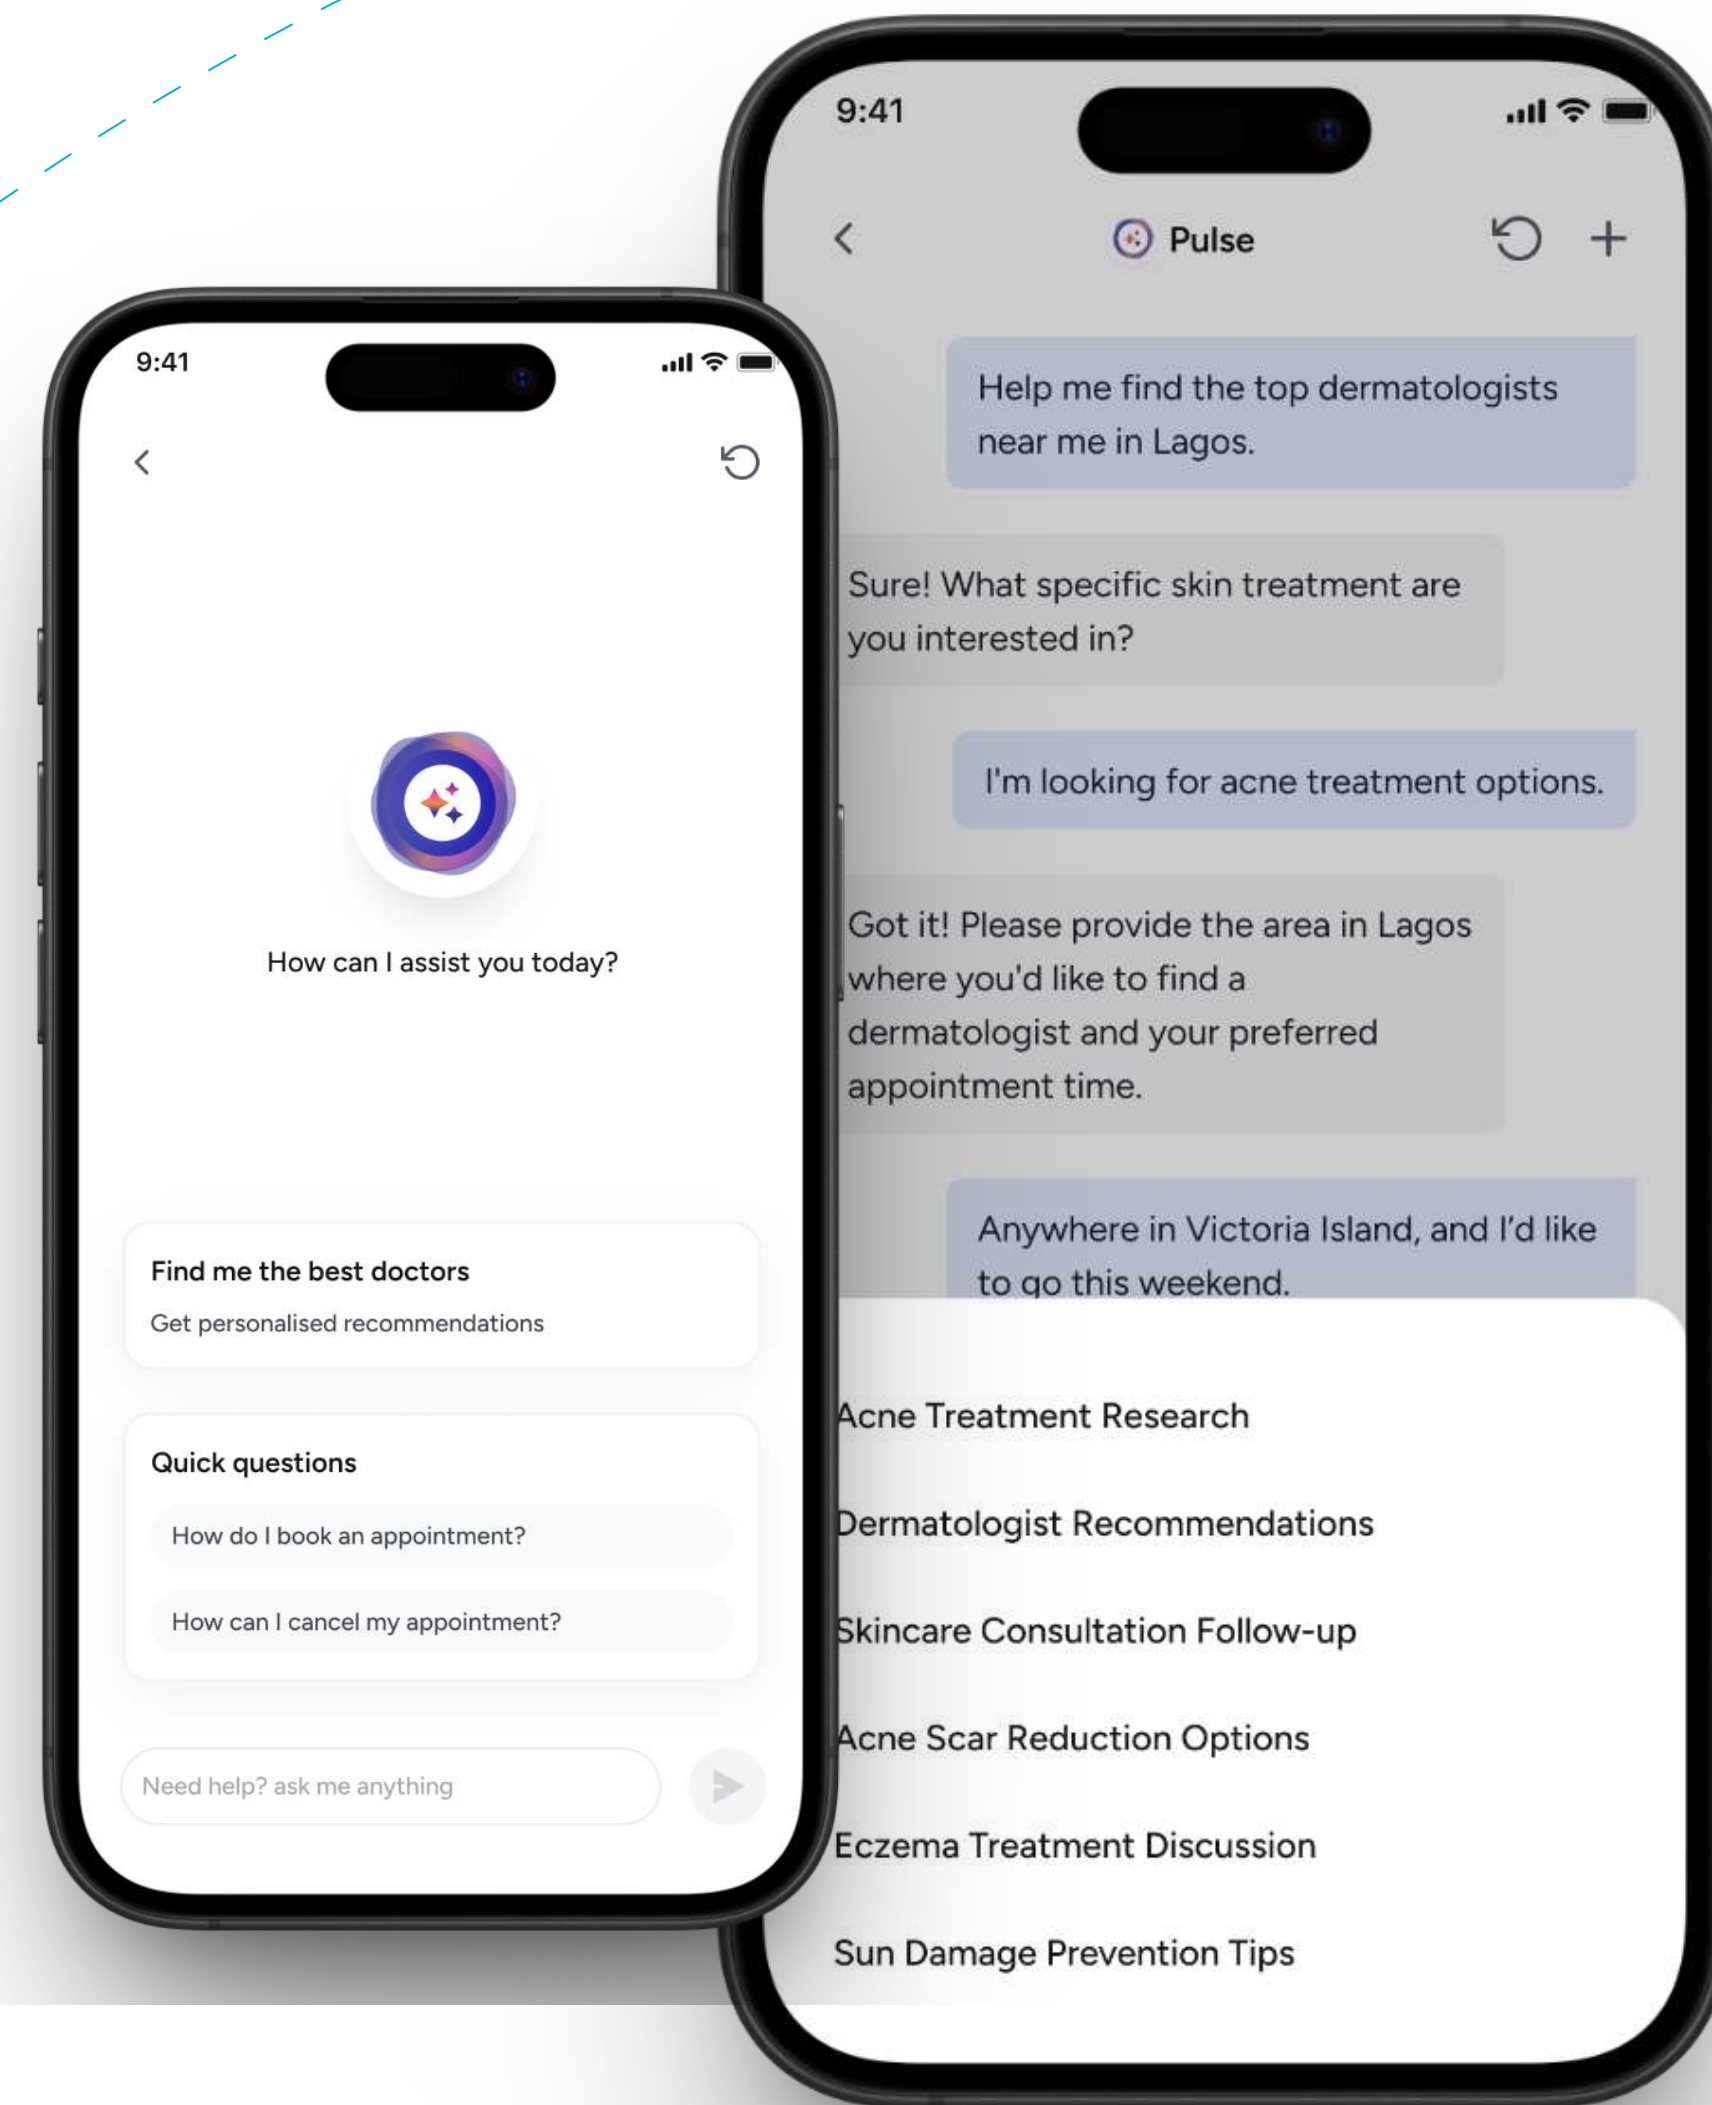

2. Real-Time Teleconsultation

- ✔ High-quality video and audio sessions with end-to-end encryption.
- ✔ In-built chat and file sharing for lab results, images, or documents.
- ✔ Virtual “consultation room” for private, secure discussions between patient and provider.

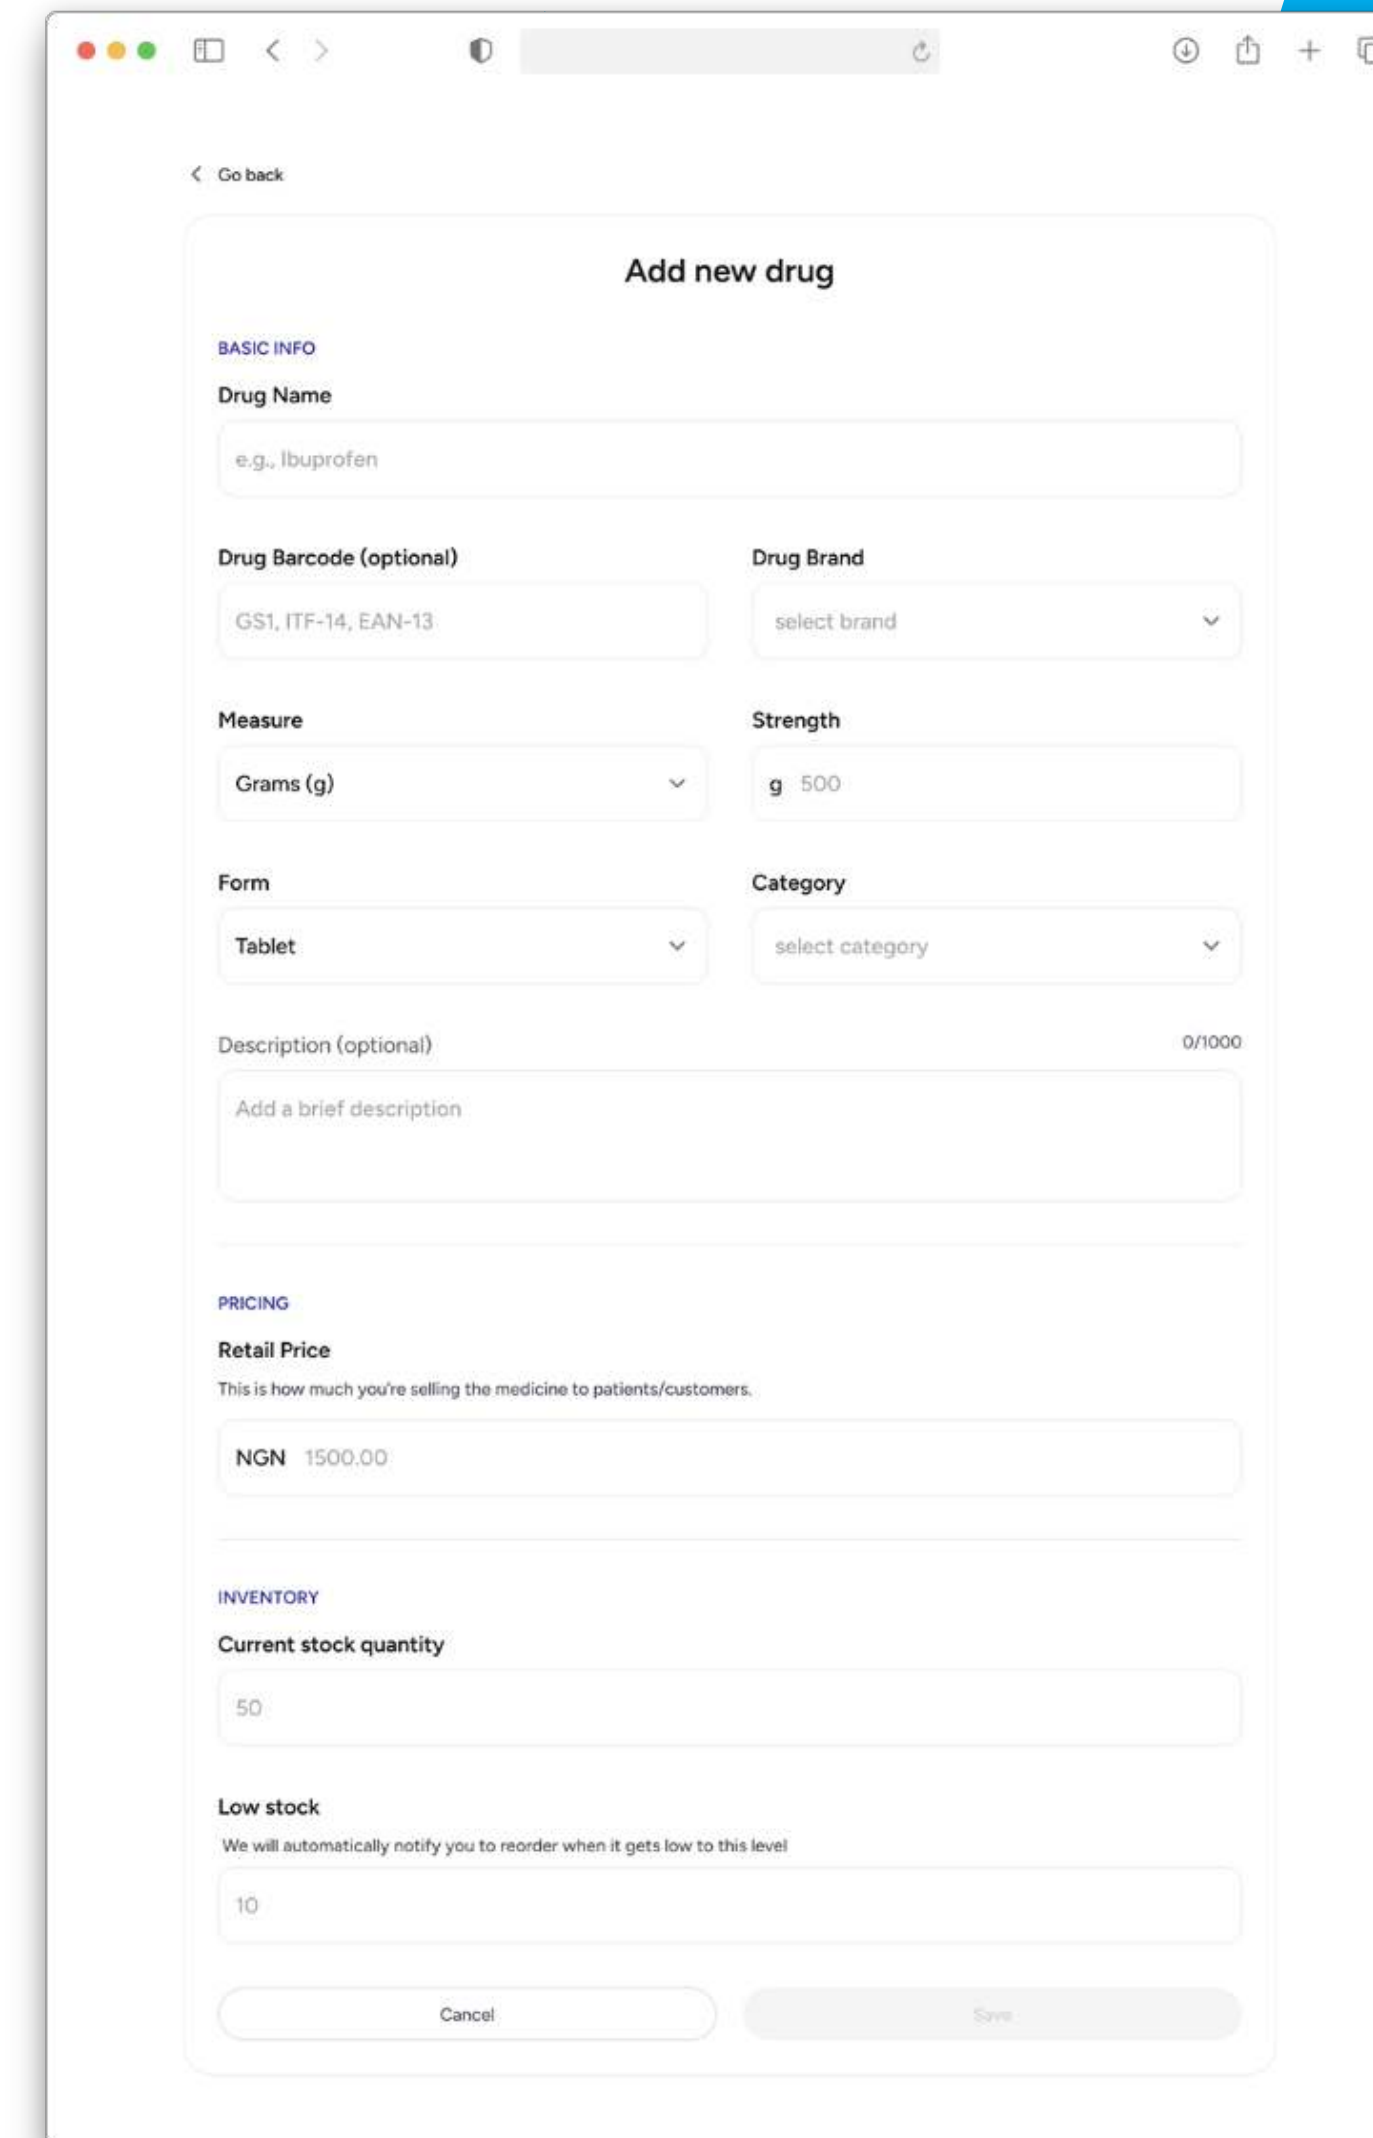

3. AI-Assisted Note Taking (Pulse Integration)

- ✔ Pulse automatically converts spoken conversations into medical notes.
- ✔ Doctors can tag notes (symptoms, prescriptions, advice) in real time.
- ✔ AI summary for each session reduces post-consultation administrative work.

4. Prescription & Lab Integration

- ✔ Doctors can issue digital prescriptions
- ✔ directly to connected pharmacies.
- ✔ Lab requests are linked to diagnostic
- ✔ centers for automated test results upload.
- ✔ Patients receive real-time notifications
- ✔ when prescriptions or lab results are ready.

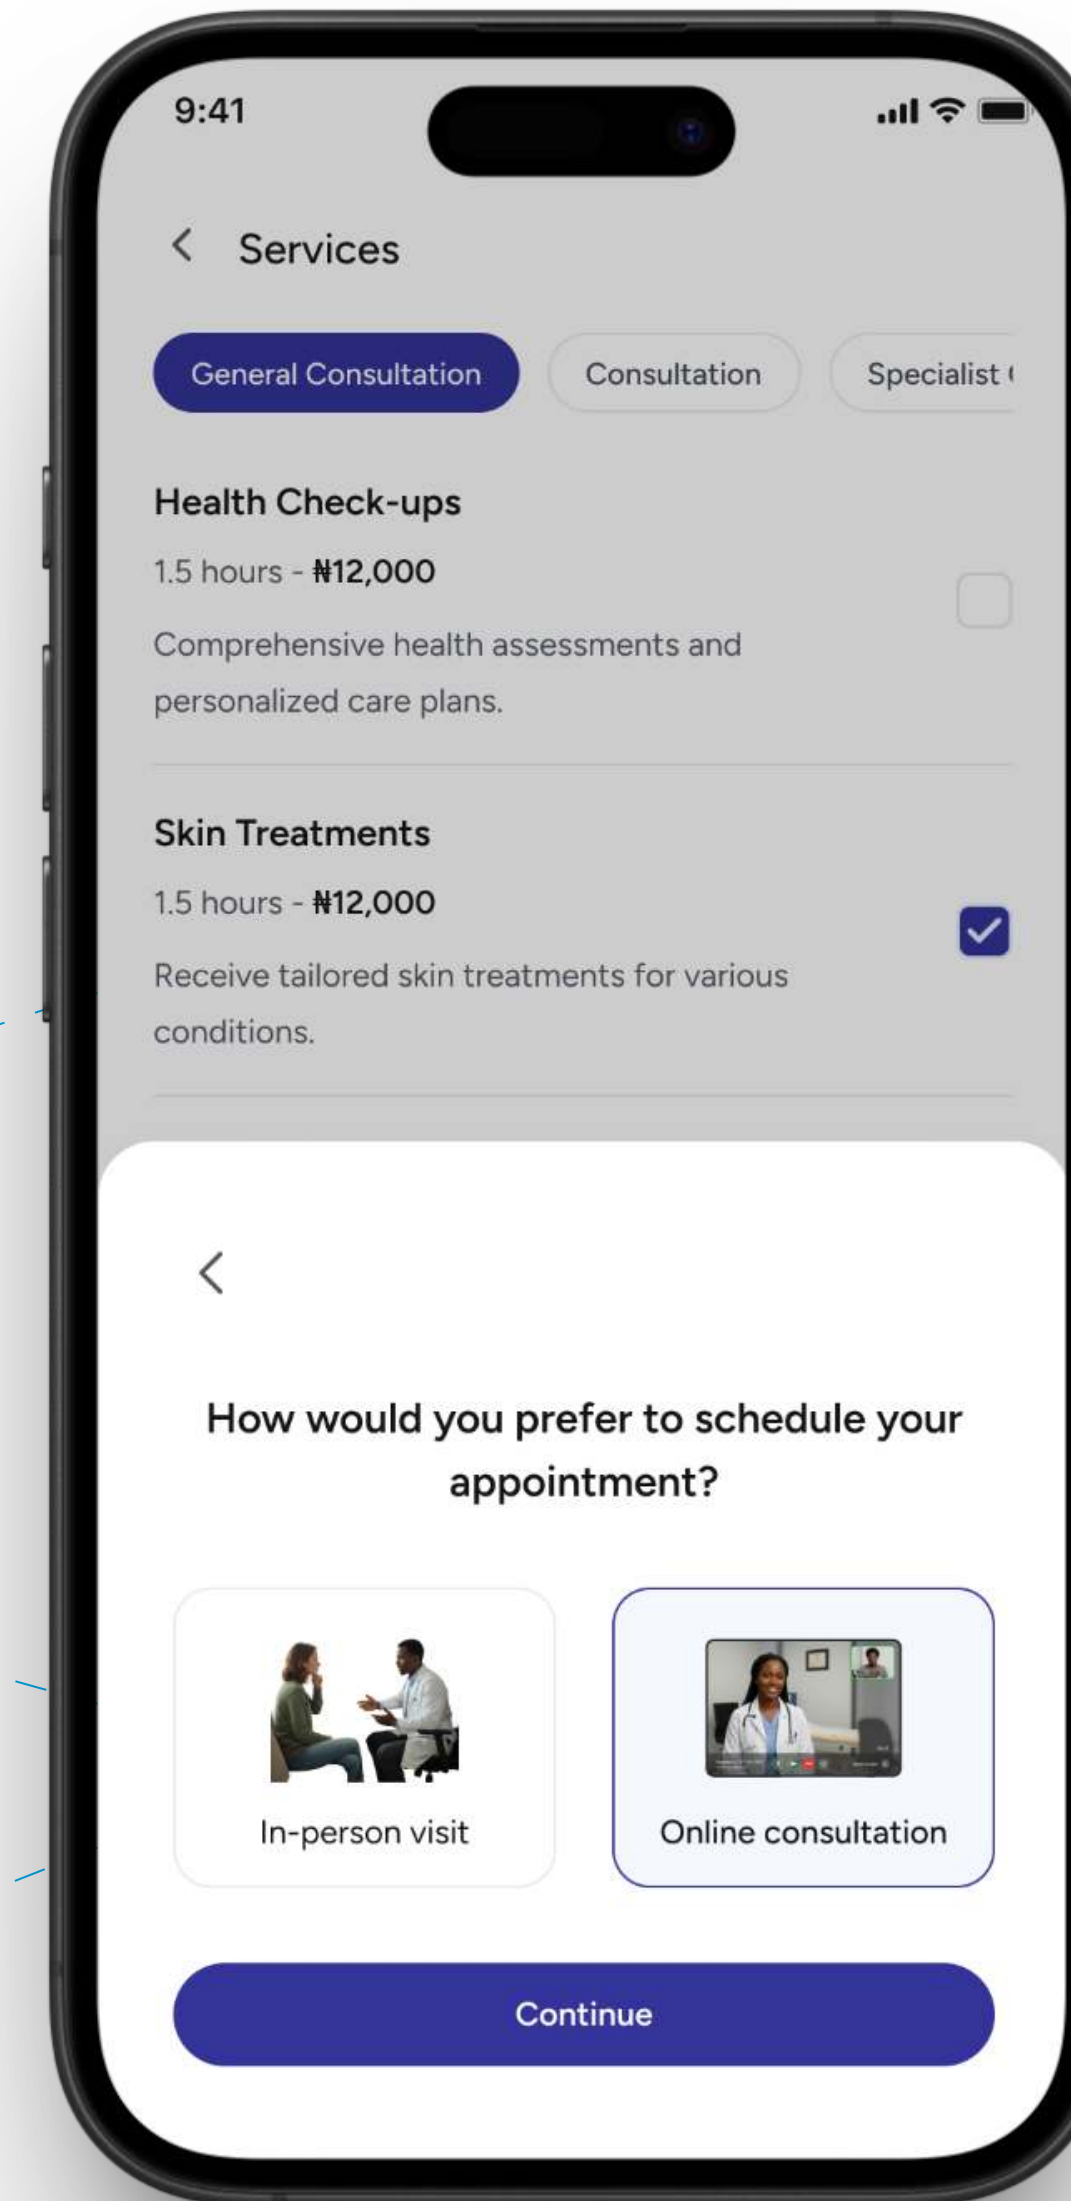

The screenshot shows a web browser window displaying a form titled "Add new drug". The form is organized into several sections:

- BASIC INFO**
 - Drug Name**: A text input field with the placeholder "e.g., ibuprofen".
 - Drug Barcode (optional)**: A text input field with the placeholder "GS1, ITF-14, EAN-13".
 - Drug Brand**: A dropdown menu with the placeholder "select brand".
 - Measure**: A dropdown menu with the placeholder "Grams (g)".
 - Strength**: A text input field with the placeholder "g 500".
 - Form**: A dropdown menu with the placeholder "Tablet".
 - Category**: A dropdown menu with the placeholder "select category".
 - Description (optional)**: A text area with the placeholder "Add a brief description" and a character count "0/1000".
- PRICING**
 - Retail Price**: A section header with a subtext "This is how much you're selling the medicine to patients/customers." Below it is a text input field with the placeholder "NGN 1500.00".
- INVENTORY**
 - Current stock quantity**: A text input field with the placeholder "50".
 - Low stock**: A section header with a subtext "We will automatically notify you to reorder when it gets low to this level". Below it is a text input field with the placeholder "10".

At the bottom of the form, there are two buttons: "Cancel" and "Save".

5. Follow-Up & Patient Engagement

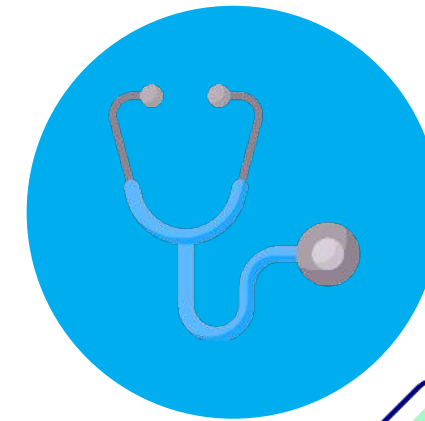

- ✔ Built-in appointment follow-up reminders and feedback forms.
- ✔ Secure message channel for post-consultation questions.
- ✔ AI tracks patient outcomes and suggests
- ✔ follow-up intervals.

For Patients

- ✔ Book a doctor in under 60 seconds.
- ✔ Attend consultations safely from your phone or laptop.
- ✔ Receive prescriptions, test requests, and care instructions instantly.

For Doctors

- ✔ Manage daily virtual consultations in one place.
- ✔ AI handles your transcription, notes, and scheduling.
- ✔ Expand your practice reach beyond geography.

For Hospitals

- ✔ Integrate telehealth with your existing HMS and calendar.
- ✔ Manage both in-person and virtual appointments from the same dashboard.
- ✔ Centralized record storage for every patient consultation.

Why It Matters

Because in today's world, quality care should never be bound by distance.

Hospital Management System (HMS) — One System. Total Control.

A modern hospital deserves more than fragmented systems.

YourWay Health's HMS brings every aspect of clinical and operational management into one powerful, cloud-based command center.

Core Modules and Features

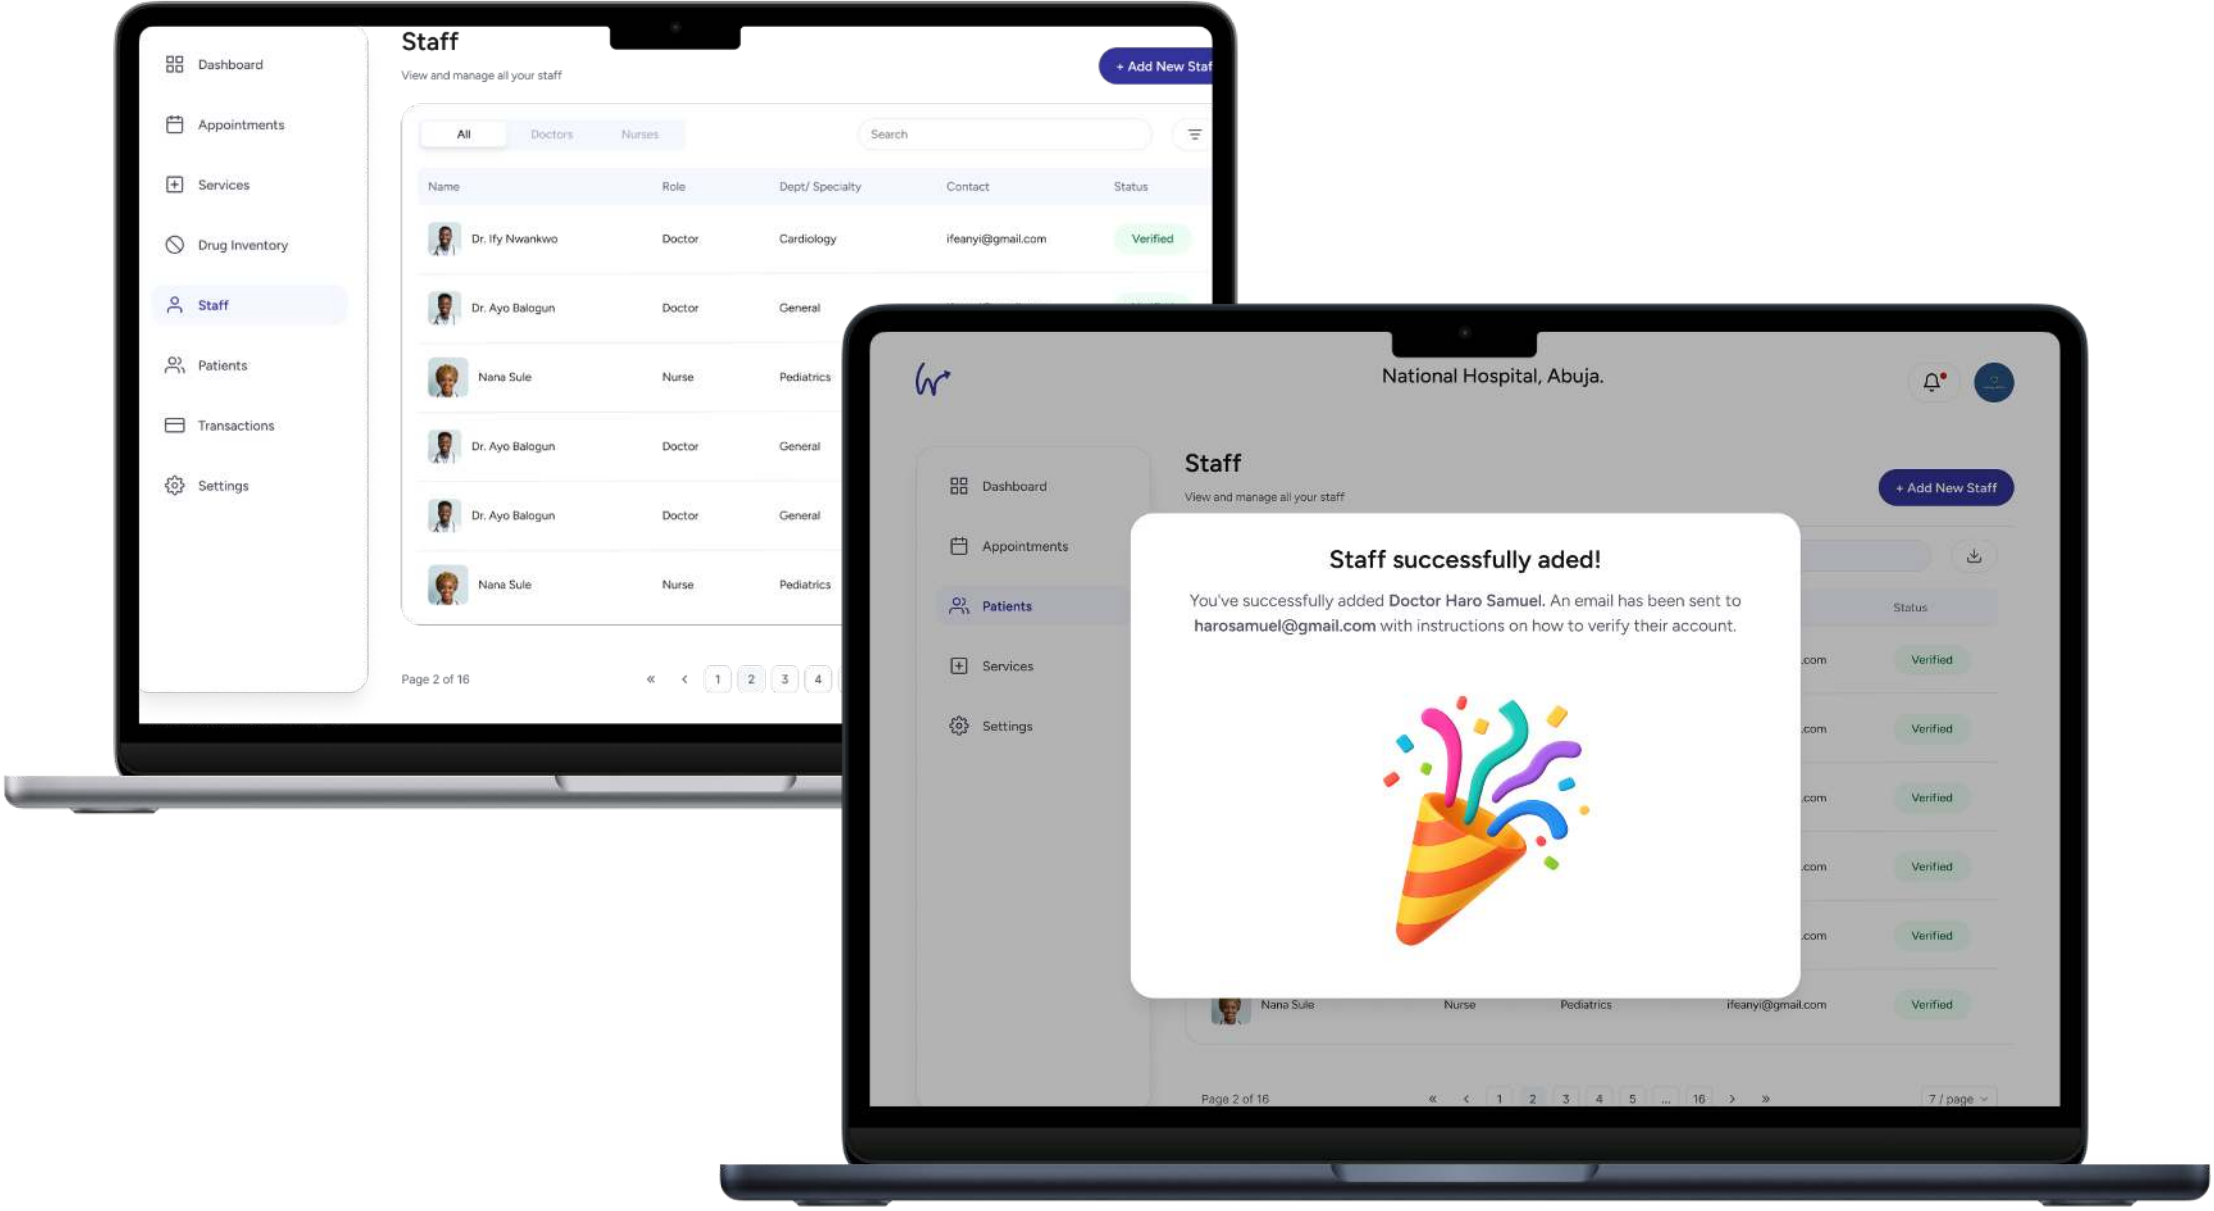

Patient Management

Digital patient registration and unique ID assignment (linked with NIN/BVN).
Centralized EMR (Electronic Medical Record) accessible across departments.
Full patient history tracking — vitals, allergies, diagnostics, medications, and progress reports.

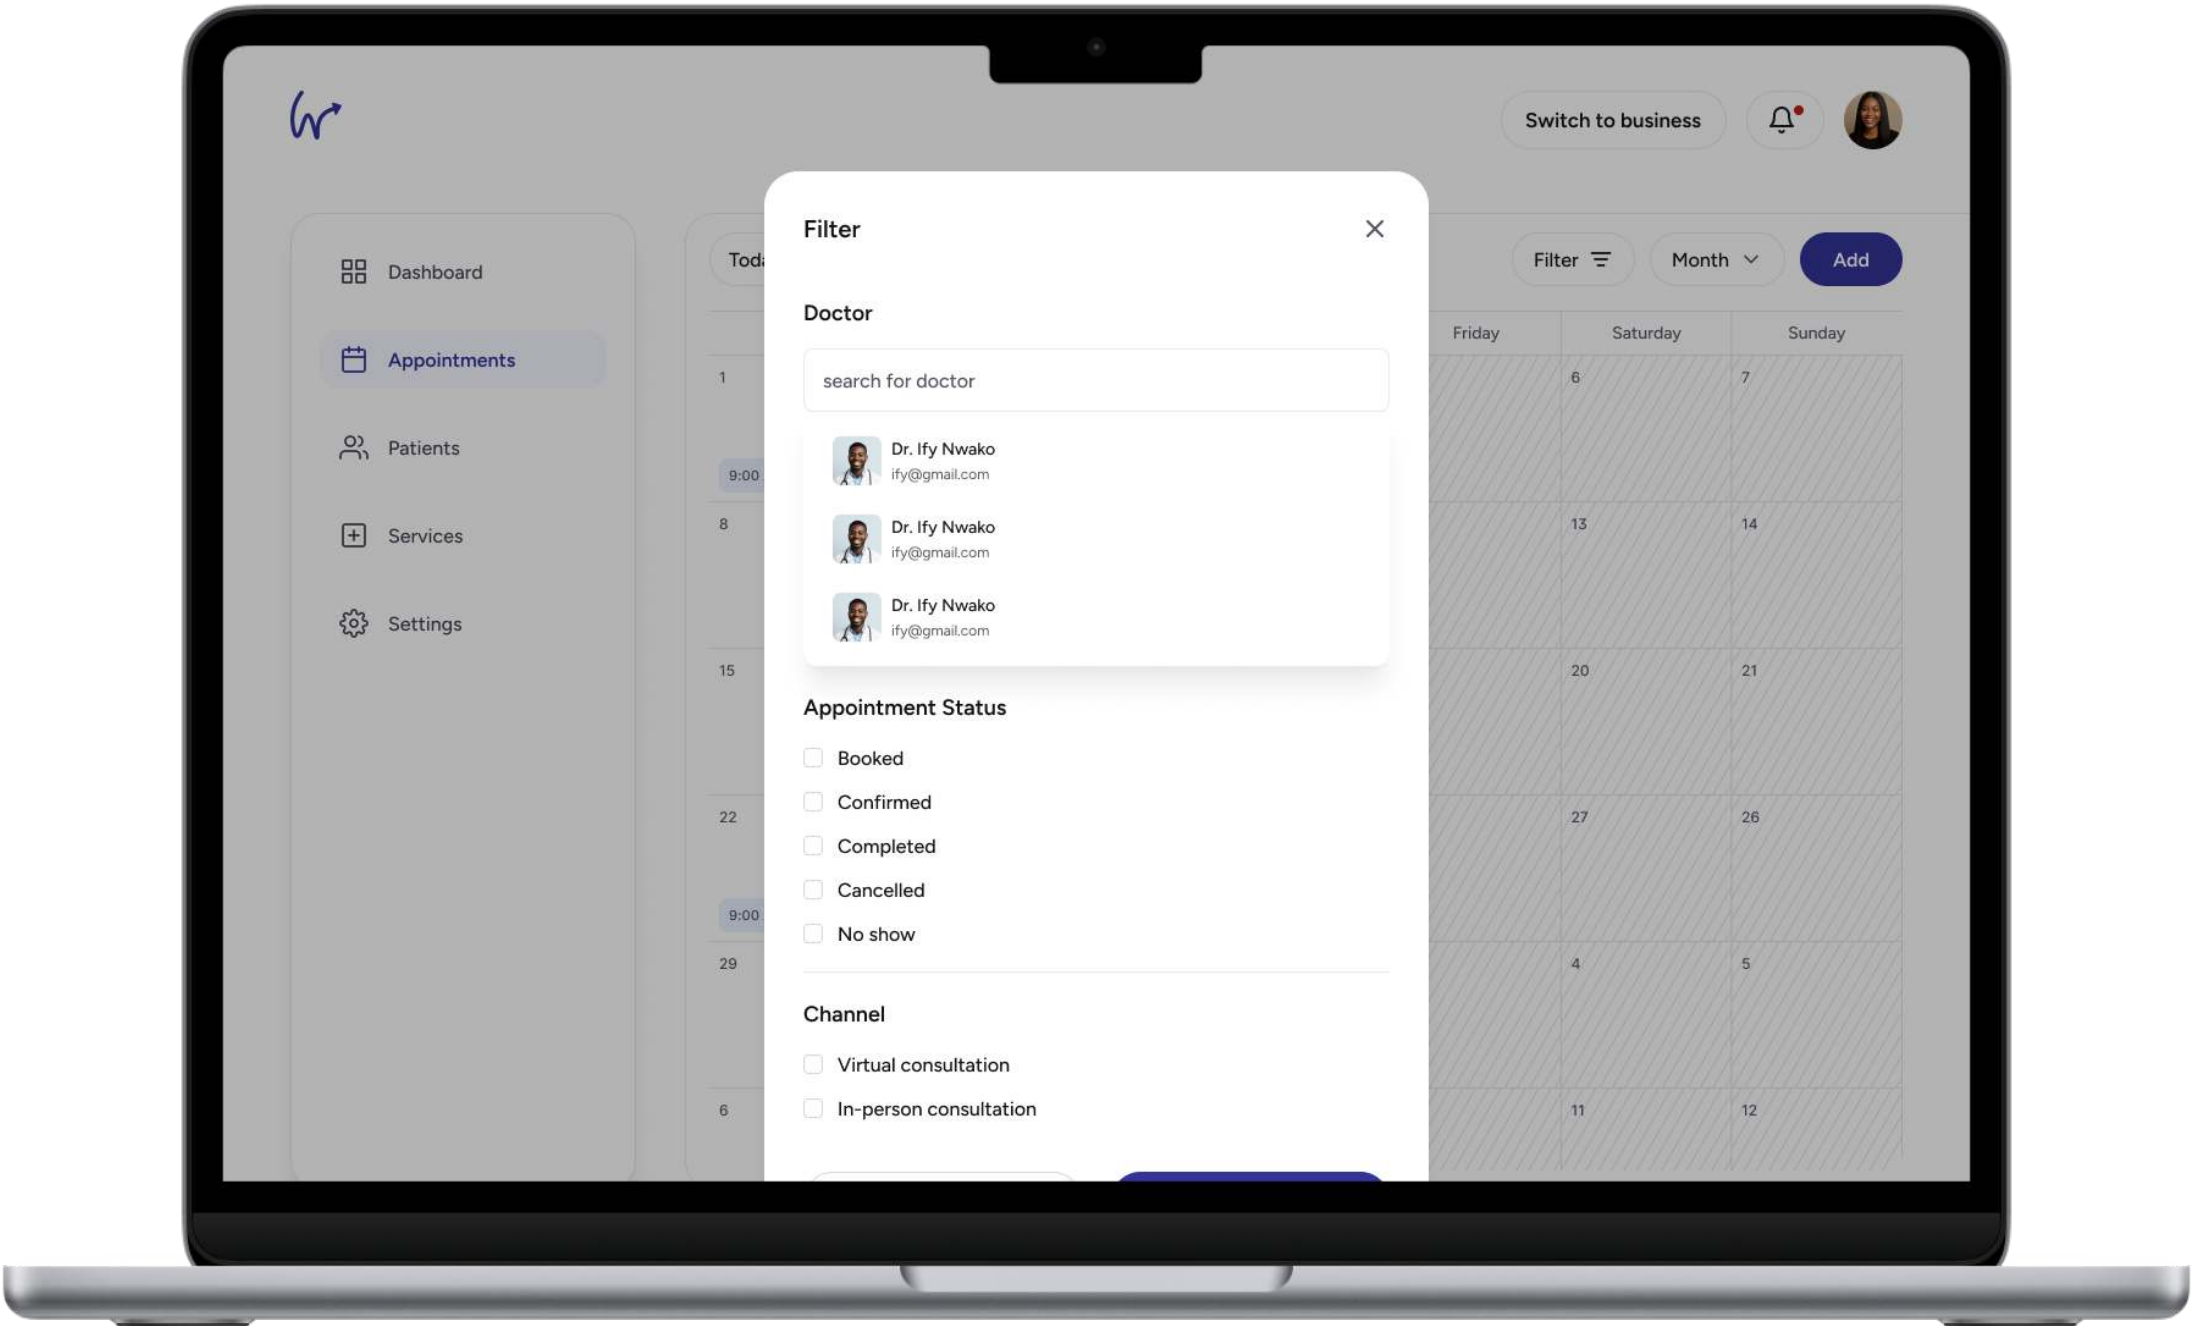

Staff & Role Management

Role-Based Access Control (RBAC) ensures data privacy.
Manage permissions for doctors, nurses, lab technicians, and administrative staff.
Instant activity logs for accountability and compliance auditing.

Doctor & Consultation Management

- Real-time doctor scheduling and availability tracking.
- Secure access to patient medical histories before consultations.
- Integration with Pulse AI for automatic visit summaries.
- Customizable consultation templates for various specialties.

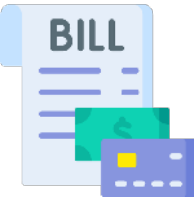

Billing & Finance

Automatic invoice generation tied to services rendered.

Real-time payment tracking, refunds, and transaction analytics.

Split billing system for multi-provider procedures (doctor + lab + pharmacy).

Billings & Account

Manage your payment and transaction history

Analytics & Reporting

Visual dashboards for hospital KPIs: appointments, revenue, patient flow.

Predictive analytics for capacity planning and staff allocation.

Export-ready compliance reports for NHIA and MDCN submissions.

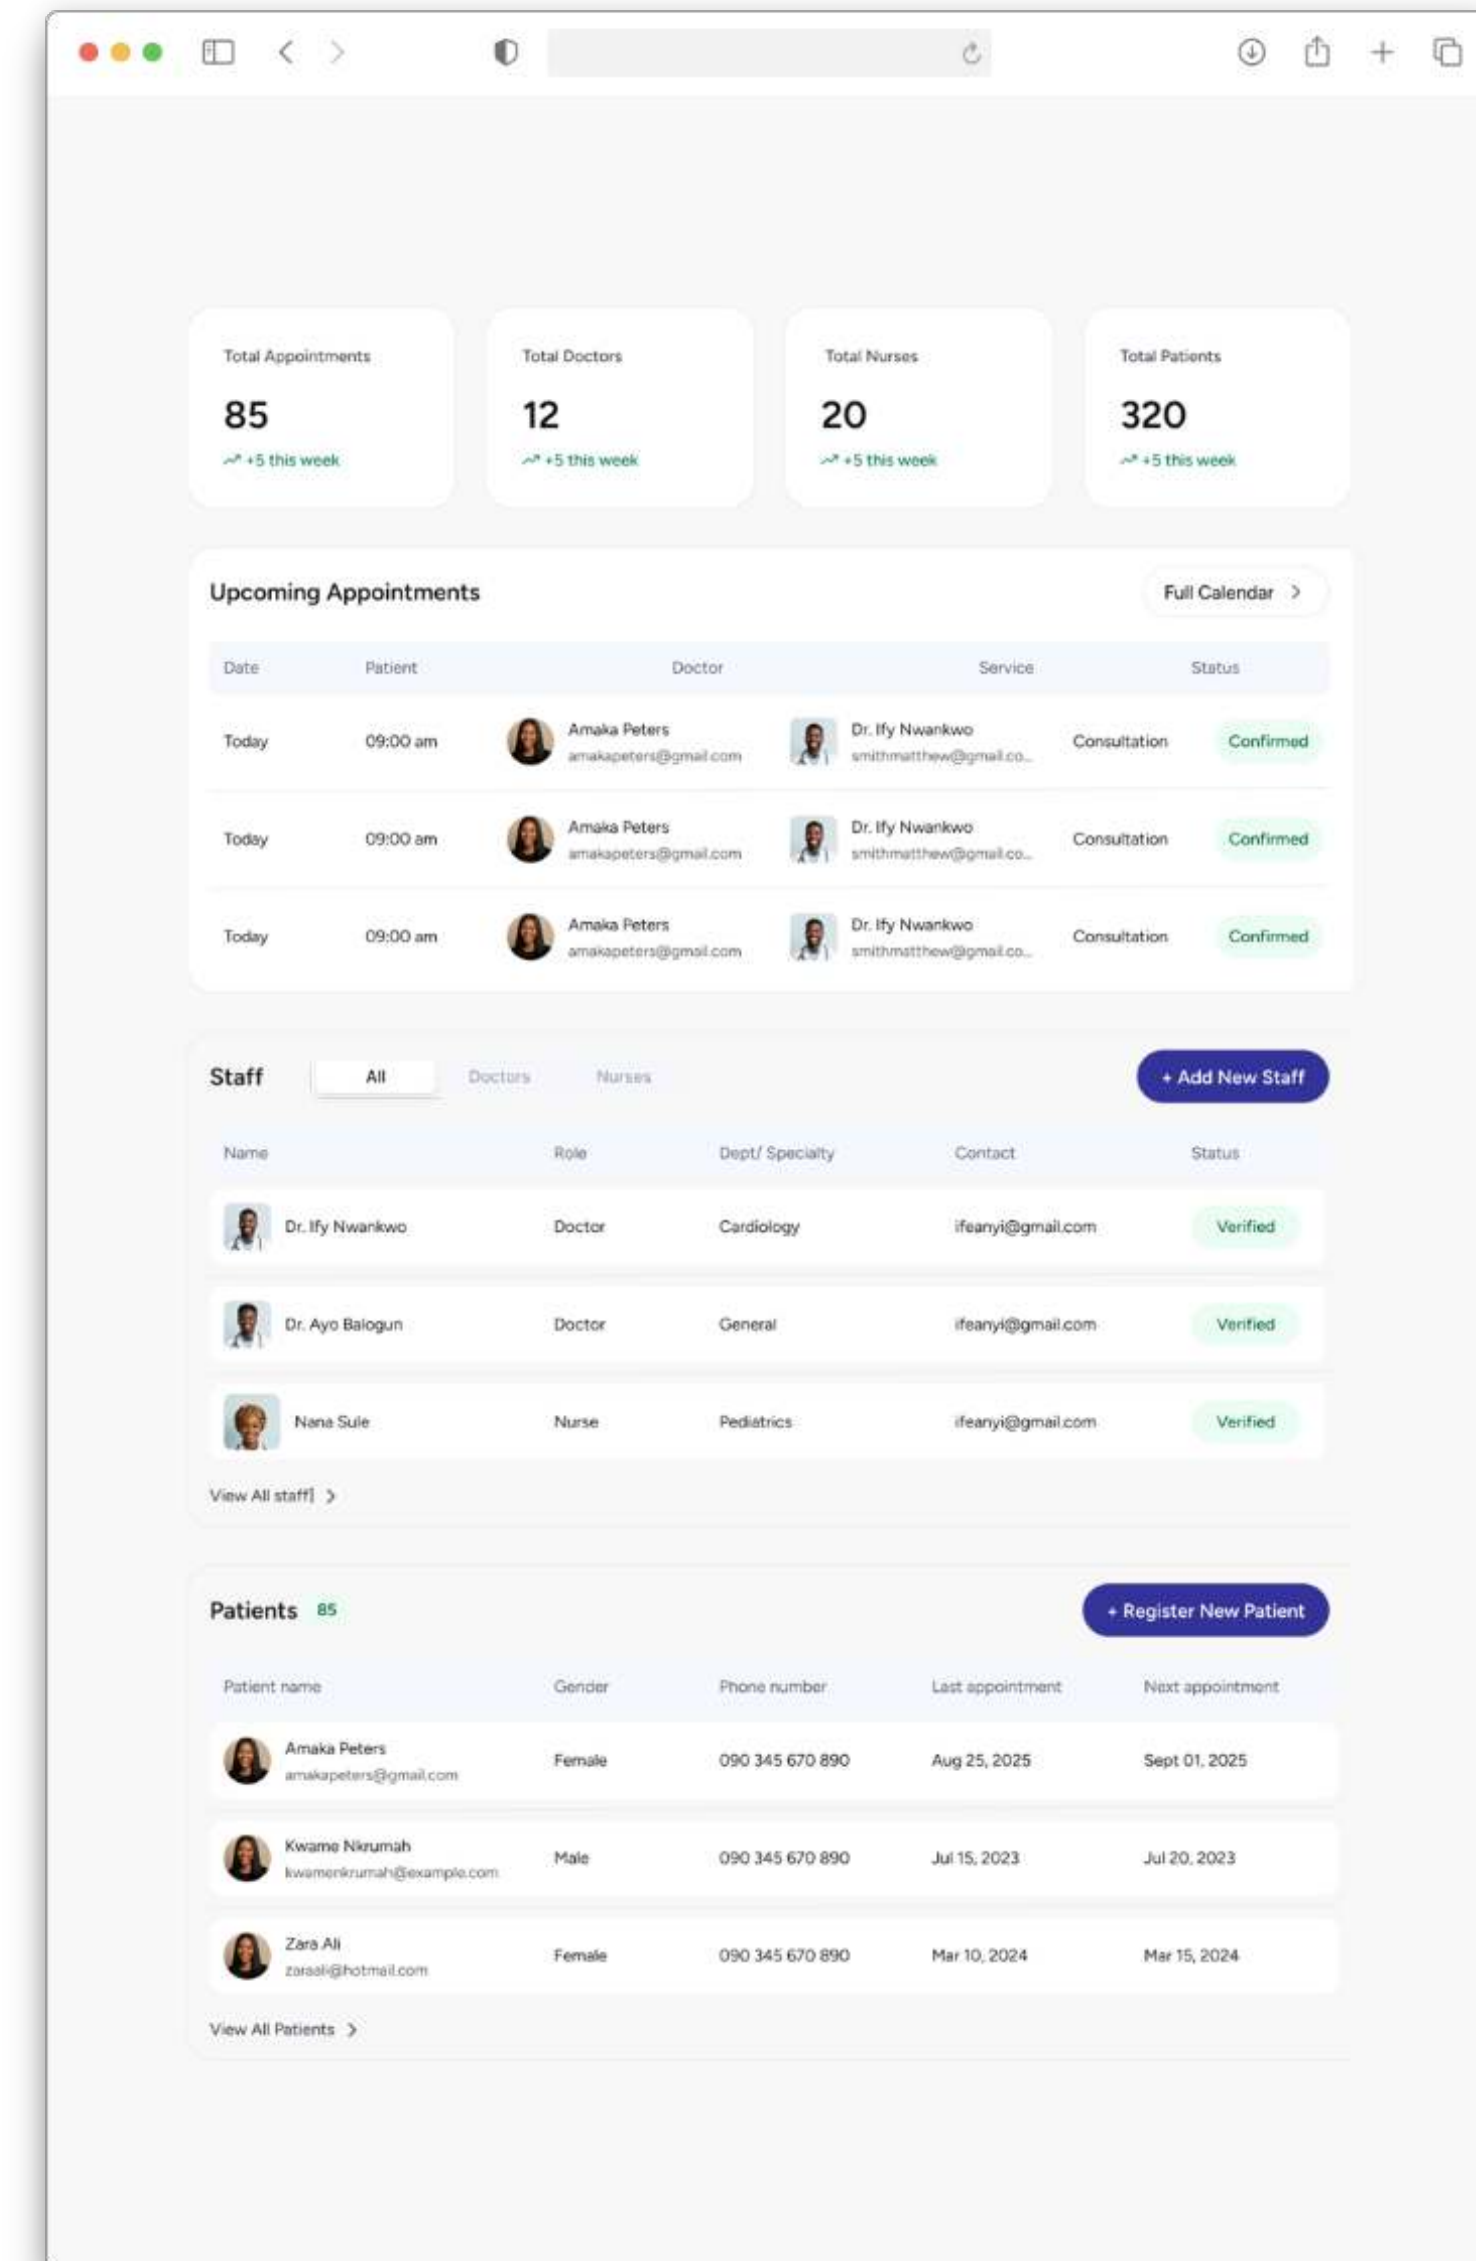

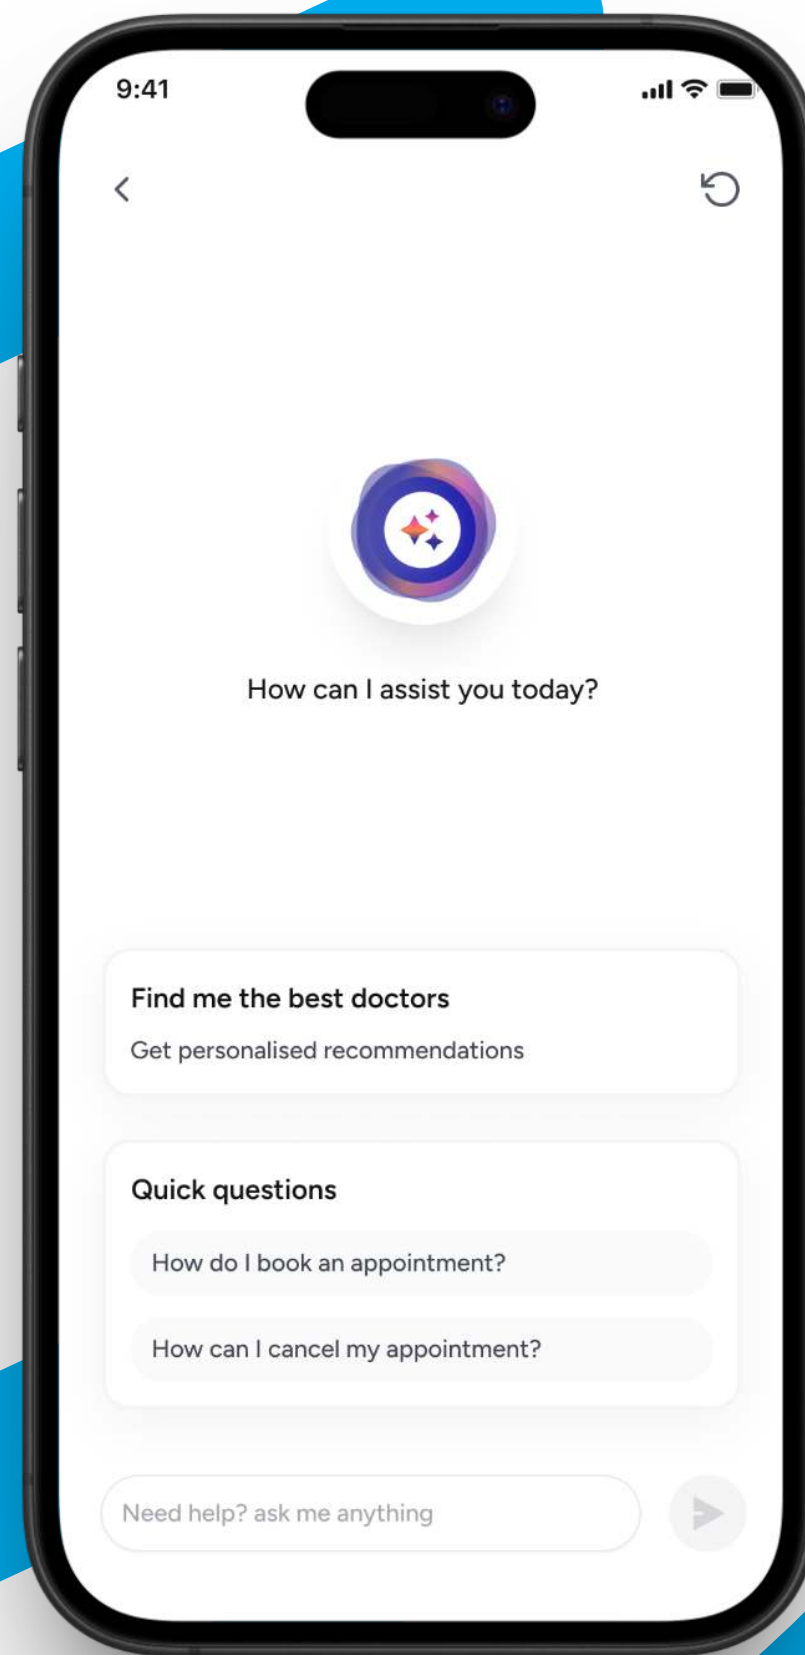

Compliance and Security

Adheres to FHIR/HL7 data standards and Nigeria Data Protection Act (NDPA).

Encrypted patient records and role-based authentication.

Daily cloud backups and system redundancy for 99.9% uptime.

Pulse

The AI Voice That Understands You

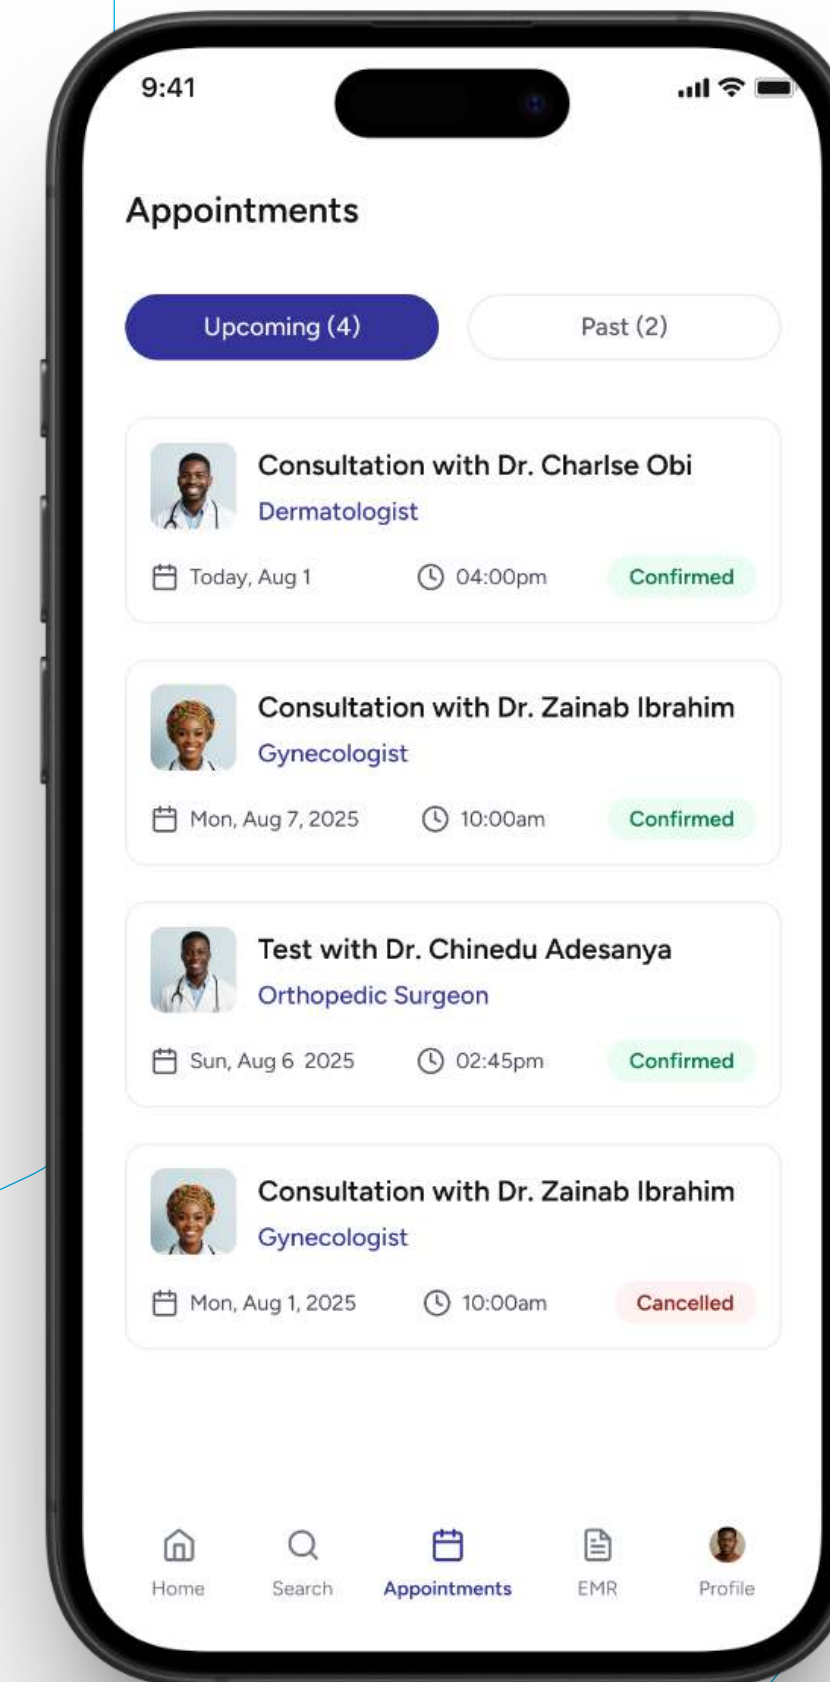

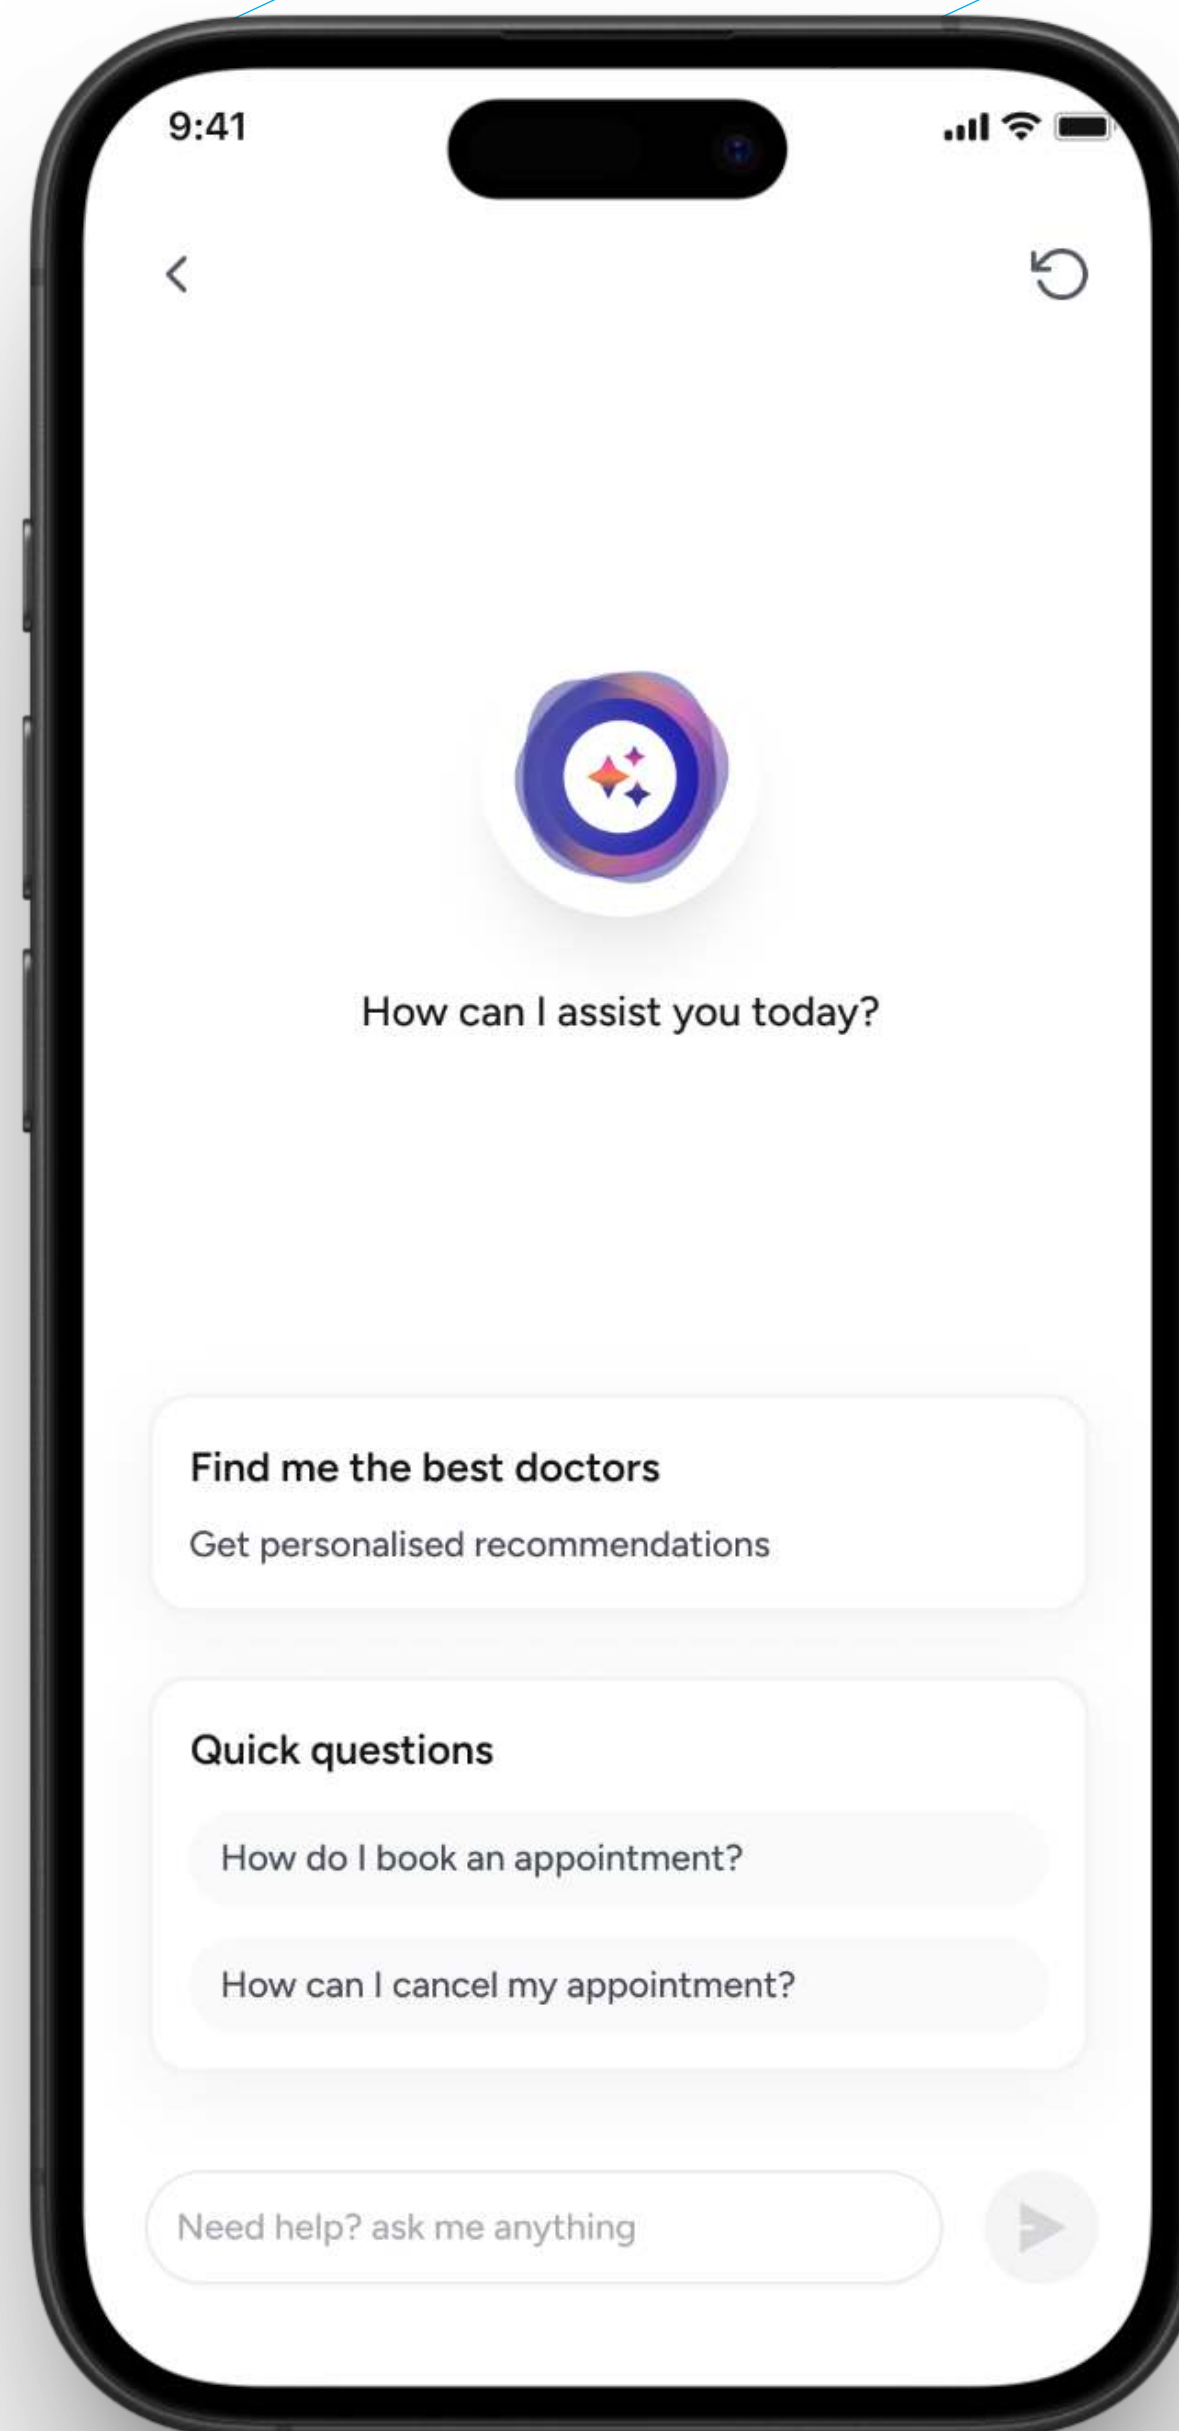

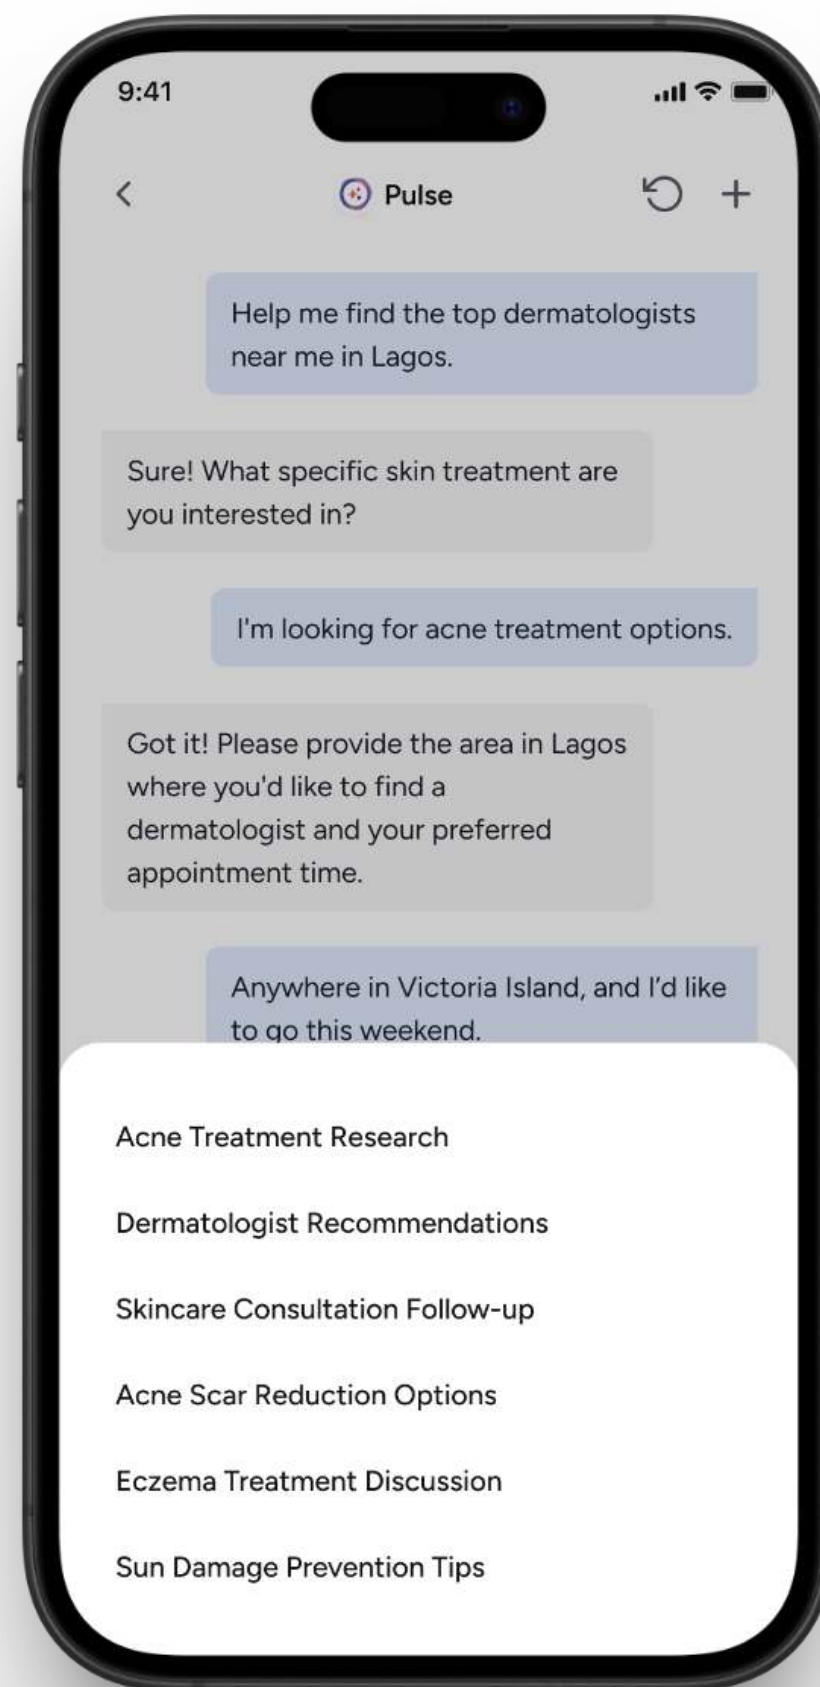

The Voice of Understanding. The Power of Intelligence.

Pulse is not just a feature — it's the soul of YourWay Health.

A multilingual AI assistant that listens, translates, transcribes, and understands context — helping doctors focus on people, not paperwork.

Languages Supported: English, French, Arabic, Hausa, Yoruba, Igbo.

Impact Metrics (2025–2026)

Clinics Onboarded
500+ in 6 months

INSURANCE
AUTHORITY**

NDPC
NIGERIA DATA PROTECTION COMMISSION

We're not just compliant — we're building healthcare systems regulators can trust

Our Commitment

Technology should not replace compassion — it should amplify it.

Every product we build is a step toward care that is smarter, safer, and deeply human.

YourWay Health isn't just coding healthcare.

We're coding hope.
